### Für die Datenübertragung der Transponderschlüssel stehen 2 Transfer- Geräte zur Verfügung:

1. Für das Kopieren und Codieren der Transponder mit fixem Code.
2. Für die Programmierung von Schlüsseln in der Steuerzentrale der Wegfahrsperrung des Fahrzeuges.

Im Bedarfsfall bitten wir um Ihre Anfrage.

In der Regel können die Transponderschlüssel auch im Schlüsseldienst mechanisch bearbeitet und in der KFZ- Vertragswerkstatt mit den Elektronik- Daten programmiert werden.
